

## Scrofula

It is commonly inherited. Few are entirely free from it. Pale, weak, puny children are afflicted with it in nine cases out of ten, and many adults suffer from it. Common indications are bunches in the neck, abscesses, cutaneous eruptions, inflamed eyelids, sore ears, rickets, catarrh, wasting, and general debility.

## Hood's Sarsaparilla and Pills

Eradicate it, positively and absolutely. This statement is based on the thousands of permanent cures these medicines have wrought.

"My daughter had scrofula, with eleven sores on her neck and about her ears. Hood's Sarsaparilla was highly recommended and she took it and was cured. She is now in good health." Mrs. J. H. Jones, Parker City, Ind.

Hood's Sarsaparilla promises to cure and keeps the promise.

## PENSION LAW DID NOT WORK SO WELL

Interesting Statistics, Showing the Inequalities of the Present System.

The Senate yesterday ordered that a statistical statement by counties of the number of Confederate pensioners, and the amounts paid out in each county, should be printed for the information of the members of the Senate.

This statement has been prepared by Mr. E. L. C. Scott, of the Auditor's office, at the request of Secretary Standley, and gives the population of the counties and cities of the State, and the number of and amounts paid pensioners therein under the old pension law of 1888, and also under the Parks law of 1890. There are also a number who receive pensions by reason of private bills passed by the General Assembly from time to time.

The list shows that there are 3,329 pensioners on the rolls under the old law, and the amounts paid out in each county, should be printed for the information of the members of the Senate. ## Test for Yourself the Wonderful Curative Properties of Swamp-Root

To Prove What Swamp-Root, the World-Famous Kidney and Bladder Remedy, Will Do for YOU, Every Reader of The Richmond Sunday Times May Have a Sample Bottle Free.

Dr. Kilmer & Co., Binghamton, N. Y.

Gentlemen,—In justice to you, I feel it is my duty to send you an acknowledgment of the receipt of the sample bottle of Swamp-Root you so kindly sent me. I had been out of health for the past five years with kidney and bladder trouble. Had our best physicians prescribe for me. They would relieve me for the time being, but the old complaint would in a short time return again. I sent for a sample bottle of Swamp-Root, and I found it did me a world of good. Since then I have taken eight small bottles bought at my drug store, and I consider myself perfectly cured. It seemed as though my back would break in two after stooping. I do not have the smarting and irritation, nor do I have to get up during the night to urinate, as I formerly did three or four times a night, but now sleep the sleep of peace. My back is all right again, and in every way I am a new man. Two of my brother officers are still using Swamp-Root. They, like myself, cannot say too much in praise of it. It is a boon to mankind. We recommend it to all who are suffering from kidney and bladder disease.

My brother officers (whose signatures accompany this letter), as well as myself, thank you for the blessing you have brought to the human race in the compounding of Swamp-Root.

We remain, yours very truly, JAMES COOK, HUGH E. BOYLE, JOHN J. BODKIN.

Officers of the 58th Police Precinct, Greater New York.

If you are sick or "feel badly," begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince you.

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering with FATAL RESULTS ARE SURE TO FOLLOW. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles, makes your head ache and back ache, causes indigestion, stomach and liver trouble; you get a sallow, yellow complexion, makes you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves, because they recognize it in the greatest and most successful remedy that science has ever been able to compound. If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root—Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

EDITORIAL NOTICE—Swamp-Root, the great Kidney, Liver and Bladder remedy, is so remarkably successful that a special arrangement has been made by which all of our readers who have not already tried it may have a sample bottle sent absolutely free by mail. Also a book telling all about kidney and bladder troubles and containing many of the thousands upon thousands of testimonial letters received from men and women cured by Swamp-Root. In writing, be sure and mention reading this generous offer in The Richmond Sunday Times when sending your address to Dr. Kilmer & Co., Binghamton, N. Y.

This orchestra, with the choir, discourses the sweetest of music every Sunday.

Once there was a young Deer that knew nothing of the bad Hunters and their good Rifles. One Day this Deer left the safety of the Forest and wandered in the open fields. Here she met a Cow, which was grazing free from Care on the green sward, and they talked together on various Subjects. At a Little Distance a Hunter appeared. The Deer, which had never seen a Hunter, and wishing to be quite Safe, said to the Cow, "Tell me, are these Animals dangerous?" "No, indeed," said the Cow, with a Smile, "that is a Man; he is not dangerous. I have often been quite close to them, and said, 'Good day!' and they did me no Harm." Just then the Report of a Rifle was heard, and the Cow sank to the ground mortally wounded. The Hunter's bullet had missed the Deer and taken the Life of the other Animal. "Men are harmless Animals," said the Cow, with its dying Breath, "and you never know what they are going to do next!" The Deer sprang quickly into the Forest, resolved never again to go near a Cow. "I might happen to get hit by Accident!" said the Deer.—Illustrated by Blanton.

"Young Man and Money." Interesting points in his sermon will be as follows: Text: "The love of money." A good thing put to bad uses—not sinful to be rich—a danger—money powerful but limited—cannot but characterize—love of money for itself—degrading, may be "Clay Streets"—Gonsalvo de Cardova—George Peabody—Andrew Carnegie—happiness—love of God vs. love of money.

The plans for the new cathedral to be built on Fluvanna and Laurel Streets are in the hands of architect, in New York. Some of the details are to be changed, and it is probable the building will not begin for several months.

BRITISH DEFEATED. Victory in Chess Tournament is With the Americans. (By Associated Press.) NEW YORK, March 15.—After two days of hard fighting the American Chess team vanquished the British team to-night, this being the seventh of the International series of matches between the two nations. The Americans won 5-2 games and Great Britain 4-2. The distinction of achieving the first victory fell to the Englishmen by reason of Trencath's brilliant defeat of Demarr. Almost simultaneously came the news that the amateur, Atkins, had lowered the colors of Marshall. This was a hard blow, as the Brooklyn chess player had relied upon Marshall and Pillsbury winning their respective games.

The outlook was that the match would be lost. For a long time the score stood at 2 to 1 in favor of England, the solitary winner of the American side having been achieved later on the last board by Helms. Pillsbury was unable to-morrow morning and preach, taking for his subject, "At Sea in the Fourth Watch with Head Winds." At night Rev. John T. Stone, of Baltimore, will deliver an address in the interest of the Y. M. C. A.

(Continued From First Page.) The Church Hill Medical Society has agreed, beginning with this week, to have a physician at the institution for one hour every day in the week. A hamperful of medicine was contributed by one physician.

The board of visitors consists of some of the best known ladies of Richmond who go to the homes of the poor and talk with the mothers and in every way in their power, by their refinement, advice, financial aid, when it is needed, aid them. Among the ladies who are doing this work, thus extending the influence of the institution to a remarkable degree, are Mrs. Michaels, Mrs. Dobbins, Mrs. McEain, Miss Doggett and others.

It is real experience just to go through that building, once the United States Hotel, and let Mr. Wiley tell what is being done and how Christianity is reduced to practice.

SHEEP POOR SUPES. Percy Hensell's Flock Followed the Orchestra Instead of "Phoebe."

The flock of sheep which Manager George Fawcett, of the Percy Hensell Stock Company, at Chase's Theatre, has secured to give effect to the pastoral scene in "As You Like It," this week, did not appear last night. Just why this interesting feature, which would have added much to the realism of the play, was omitted, is an amusing story, at least to outsiders.

This flock of real, live, active, overgrown lambs was secured yesterday morning at the local stock-yards, and they were shipped to the theatre just a little too late to go with the company in the morning rehearsal. Accordingly, a special rehearsal was arranged, so that the flock could get its cues in order. Miss Atkinson, as Phoebe, the shepherdess, secured her crook about 3 o'clock in the afternoon, and as the orchestra struck up a soft march tune went out in advance of her charge. The sheep followed in rapid order, and then the fun began.

The orchestra at Chase's will, it is believed, prove equal to any emergency, but their metal was put to a new tax yesterday. Catching heavy, fat sheep as they tumbled over the footlights and treading them back to the stage was unusual work, but the musicians succeeded. The bass drum artist and manipulators of other instruments tried to gather up the panic-stricken animals and pacify them, a trio of the flock entered one of the boxes and disappeared under the chairs.

After a ten-minute attempt to get the worried flock in order Mr. Fawcett gave it up and the entire theatre staff joined in catching the frightened animals. Mr. Fawcett is not discouraged, however, and will endeavor to get the sheep trained to go on to-night. He was informed last night that all that was necessary was a leader, and he will go this morning on a hunt for a star for the "bunch." He says he is confident that patrons of to-night's performance will see that his efforts have been successful.—Baltimore Sun.
